GROUND SIGN, TEMPORARY SIGN AND PORTABLE SIGN

APPLICATION REVIEW PROCESS

- Step 1:** Applicant submits completed application (see checklist to determine if complete).
- Step 2:** Applications for ground, temporary and portable signs must receive approval from the Planning Commission (see §10.0319(B,3)). This may be as part of a Site Plan approval process, or as a separate application.
- Step 3:** The application is forwarded to various Township departments for review (*township policy*). Each department is asked to respond within 10 days, in writing with recommendations to approve, approve with conditions or deny the application to the Clerk's Office.
- Step 4:** If favorable reviews are received, the application is placed on the next available Planning Commission agenda for review, notices of which will be sent to owners and occupants of property within 300 feet of the subject property describing the nature of the request.
- Step 5:** The Planning Commission will review the application for conformance to the Zoning Ordinance regulations and will act accordingly to approve, approve with conditions or deny the application.
- Step 6:** If negative reviews are received and revisions to the plans are needed, the applicant will be notified of the requested changes. Once revised plans are received, they will be routed through the review process again to those requesting the changes (see Step 3).
- Step 7:** If the Planning Commission approves the sign, the applicant will be notified of the approval and their requirement to post a cash bond in the amount of \$500.00 to assure the construction of the sign as approved.
- Step 8:** When the bond is received, copies of the approved plans, any application forms submitted by the applicant, and a letter communicating the results of the Planning Commission meeting is forwarded to the Building Official for review, with copies sent to the applicant and property owner.
- Step 9:** The Building Department will then process the Building and Electrical Permit applications and will notify the applicant when permits are ready and any fees required. Depending on the workload of the Building Department, this may take up to an additional 5 business days to complete.
- Step 10:** The applicant will then pay for and pick up their Building and/or Electrical Permits and install the sign according to the approved plans. When complete, the applicant must present copies of the final inspection verifications to the Clerk's Office along with a written request to release the bond.
- Step 11:** The Clerk's Office will request the Finance Department verify the township is holding the bond and request the Building Department, Water and Sewer Department and the Township Engineer to inspect the sign to verify it was built according to the approved plans.
- Step 12:** If the departments above do not recommend release of the bond, the applicant will be notified of the items that require attention. Once the applicant has addressed all concerns, they must submit a letter indicating the issues have been addressed. The Clerk's Office will then forward the request for another review to those requesting the changes.
- Step 13:** If favorable reviews are received, the Clerk's Office will place the request on the next available Township Board agenda for release.
- Step 14:** Once the bond is released by the Township Board, the Finance Department is notified and a check is written and sent to the party that posted the bond.
